

Quatrain fotografic, LLC offers Senior Annual photography sessions for individuals, conducted for up to 90-minutes on location or in the studio where we produce as many images from as many poses and wardrobe changes as you like. Sessions are designed to be casual, fun, collaborative experiences aimed at capturing uniqueness, character, and visual narrative.

Session Scheduling

Photography session inquiries can be made at <https://www.quatrainfotographic.com/query.php> Sessions are usually scheduled in late afternoon and/or early evening since it's the best light quality for portraiture. An early morning time is viable as well however. Weather is always a factor, so if there is a need to, then we'll reschedule within a week of the original day. If a studio-only session is ordered instead, then scheduling time is far more flexible. The studio experience generates additional cost because of extra production time and resources required. See the Client Query Worksheet on page 2 for details.

Choosing a location to be photographed at is not always easy to determine, but it's something that I ask each client to make. Determining a place that is meaningful can positively amplify the experience, and offer the most comfortable ambiance to support your personal narrative, distinctive character, and personality. I'm pleased to offer location suggestions.

Bookings are available from Monday 06 July to Monday 26 October 2020.

Session Fees | 90-minute photo session produced on-location

- Weekdays – **\$450**
- Weekends – **\$575**
- Additional photo-session time is prorated in 15-minute increments at \$45 per hour, any day of the week.
- If a studio session is called for instead, then \$100 is added to the base cost for extra production and resources required.
- If in-studio AND on-location is ordered, then \$225 is added to the base cost for the extra production & travel time required. The total photo session, including travel time between the studio and the location, is limited to 180-minutes [3-hours]; prorated time starts thereafter.

Session Fee Includes

- A private, web-based gallery providing access to low-resolution downloads, social media sharing, and print options that include greeting cards with envelopes, flat invitations cards, and postcards with personalized messages.
- One image, selected for publication in the school annual [yearbook], is custom retouched and stylized as full-color or black-and-white, that promises to meet your expectations and approval prior to release.
- Direct transmission of the final, retouched image to your school by their deadline.
- Image editing assistance is offered when viewing your private gallery to make the best selection possible.

Prints are NOT included in the Session Fee. Print orders can be made directly from proofs and from custom retouched images posted in your private gallery. A sample of the on-demand print interface by *Fotomoto* is at <https://www.quatrainfotographic.com/fotomoto.php> Print quantities vary significantly between clients, and costs can be easily determined by calculating with the per-print prices posted.

Private galleries remain posted for one-year from the scheduled portrait session date, so images are easily accessible if clients identify the need to order more prints later.

Twins, or more

Families that contact me for their twins to be photographed are charged per individual since the level of production, time commitment, and quality of experience per person remains the same. Of course, we'll make sure to photograph them together, at no extra cost, which I am pleased to do at an appropriate time between their respective photo-sessions.
